For this section fair weather, preceded in south-ern Virginia by light local rains, variable winds, generally easterly, and stationary temperature.

#### CITY COUNCIL. BOARD OF ALDERMEN.

It was some minutes past eight o'c'cock before a quorum appeared in the chamber of the Aldermen last night.

Mr. Bryant, from the Committee on Streets, reported on sundry matters which had been referred to them, which reports were adopted, and no further business appearing a recess was declared, which lasted over an bour.

Upon being called to order some business which had been transcted by the Common Council was received from that board, most of which was concurred in. The report of the Committee on Public Property, how-Co., for repairs to the wharf leased to them by the corporation (the American company having sublet the same to Messrs. W. A. Smoot & Co.), was non-concurred in, and the matter laid over.

Mr. Burke said this wharf had been leased by the American Coal Company upon which to store coal. They had now abandoned the property, and sublet it, and petition the city to repair the wharf that it may be easily rented. He did not think it obligations of the city to do not the city to do not think it. tory on the city to do any such thing. It thad been abandoned by the lessees, allowed to get out of repair, and finally sublet to other parties and for other purposes than the shipment of coal. The speaker did not think Council should be subject to the orders of the American Coal Company. The board at ten o'clock adjourned.

COMMON COUNCIL.

Nine members of the board were present last night when Mr. Isaac Eichberg took the chair, and several members afterwards

The reference to the Corporation Attor-uey of a proposal to sell a lot on Payne street held under ground rent and also by tax title by the city had brought in a report of the Attorney in favor of a suit to clear the title. This led to considerable discussion. I was stated that the property is in the possession of a tenant by name of Montjoy, who is willing to buy it, but that it was sold by the city to L. D. Harrison on a ground rent of \$12 per annum, but that neither the taxes nor ground rent were paid and the city bid in the lot at a tax sale. The clerk said that the cost of the suit would be \$25, and that the lot would sell for from \$150 to

When the grant of \$60 worth of gas free to the Young Men's Christian Association

Mr. Snowden said he felt constrained to oppose the appropriation out of money contributed only by the gas consumers. He had the kindliest feelings for the Christian Association, and all others which tended to the moral improvement of men, but the churches were doing the same thing, and certainly Council would not be willing to give gas free to the churches, nor would they ask for it.

Others favored the grant of gas as agreed upon by the Aldermen. After the vote had been taken

Mr. Snowden asked whether nine votes

were required to pass the resolution. The chair, at first, thought that less than a full majority could pass the resolution,

but his attention having been called to the fact that it involved an appropriation, he decided that nine votes would be needed. A rising vote stood ayes 6, noes 5, and the resolution was declared lost.

The subject of the lease of Messrs, W. A. Smoot & Co. of the American coal wharf

again came up. Mr. Socwden favored the lease. The only new thing he saw about the matter was that the Midland road managers had been asked if the company wanted to lease these wharves, and had replied in the negative. He was sure that even if the amount offered was less than the former rent, it freed the city from the obligation to repair; and the new trade likely to be brought here would more than compensate for any differ-

ence in the rate of rent.

Mr. Sweeney discussed the matter at length, and contended that it would be improper, in view of the prospects of the future, to tie up the property for twelve years

at the rent proposed.

Mr. Peake said that about \$1,500 would have to be put on the wharves this year if this lease was not made. Next year in this lease was not made. Next year more might be required. He thought that therefore the city would do well to accept the proposition of Mr. Smoot.

Mr. Sweeney would like members of Council to see the lease between the American Coal Co. and the city before acting up-

on this matter. It would probably be found that the American Coal Co. was obligated to return the wharf to the city in the same

order in which they received it.

Mr. Sweeney saw nothing in what had been said to induce him to vote for the proposition. He thought Smoot & Co. had one of the best places in the country, and he did not think they would move away. It might be policy for the American Coal Co. to offer the city a compromise and surrender the lease. The city had kept faith with them. If they surrendered the lease with a proper payment, then the city might offer it at public lease.

President Eichberg (Mr. Peake in the chair) thought the City Council had no right to commit the city to a lease to begin two years ahead and then run ten years The city had now a tenant, and there was no need of acting on a lease that had not expired. He was willing that the lease should be made with a proviso that there shall be no subleting without the consent of the City Council.

Mr. Snowden said he had no objection to the incorporation of a proviso against subleting in the lease to be made to Smoot &

Mr. Aitcheson thought that if the city made the lease, then she could not hamper the lessee. The city wanted the most mo-ney it could get. The proper method would be to get the money for the next two year-lease, and then when the lease expires offer it for public lease to the highest bidder.

The debate was continued by Mr. Peake and Mr. Fisher, the latter of whom thought that the lease to the American Coal Company must provide that if the company allowed the business of shipping coal to lapse then the covenant to keep in repair would be in-

pairs be made for the assignee as well as

for the first lessee.

Mr. Aitcheson said that he did not think the word "assigns" could be found

The season has been a Aldermen the power to charge the whole expense of paving a street upon the proper-ty owners. He was sure that such was not the intention of many members of the board who had voted for it and he suggested a re-consideration, but the hour was late and the subject was passed over.

RECOUNT .- On account of the lateness of the hour in which the canvass of the vote in the Third ward was finished on Monday night, the number of scratched tickets cast in the election, and the number of mistakes discovered in the tally sheet, and the general confusion in the room at the time the additions were made, Mr. Geo. F. Steiner, who acted as judge of election in that ward. yesterday morning stated to Mr. Leonard Marbury, chairman of the democratic city the result as announced for the council ticket was correct, and that he would feel better satisfied if a recount was ordered. Mr. Marbury therefore notified the various candidates for council in that ward to be present at his office yesterday evening, as he would order a recount. The candidates all agreed, and most of them were present, when, upon a recount, it was ascertained that Mr. Geo. S. French had led Mr. J. T. Harrison by several votes, and that a mis-take of several votes for each of the others on the council ticket had been made. To make sure that all was right another count was had this morning, which did not change the result as ascertained yesterday evening, and the following official vote was announced: French Smoot, 325; I. Eichberg, 231; J. H. Strider, 225; G. S. French, 200; C. J. W. Summers, 192; J. T. Harrison, 189; J. T. Cox, 126. So Messis, Smoot, Eichberg, Strider and French are the nominees to conveil in the Third word. Mr. Henrison council in the Third ward. Mr. Harrison expressed himself as being perfectly satisfied with the result.

RED MEN.—The 41st annual session of the Grand Council of Red Men, of Virginia, met at Sarepta Hall building, in this city this morning. There were present the grand officers, J. L. Belot, of Norfolk, G. S. G. W. P. Hill of Pickment G. W. Hill of Pickment G. S. G. W. P. Hill of Pickment C. E. Hill, of Richmond, G. S. S.; W. P. Rockcharlie, of Lynchburg, G. I. S.; C. S. The tives from different parts of the State. The grand council was welcomed by Mr. J. W. \$200 The matter was passed by without Hoit, of this city, in an appropriate address action.

When the grant of \$60 worth of gas free The "long talk" of the Grand Sachem was presented and referred to a committee for distribution. The report shows the order to be in a flourishing condition. The resentatives to the Grand Council of the United States were also presented and ap propriately referred. The time of session was fixed at from 9 to 1 and from 3 to 7. A good deal of butiness of interest to the order was transacted. The Grand Council will he was transacted. The Grand Council will be in session till to morrow night.

THE OPPOSITION TICKET .- A number of those engaged in getting up a ticket to be run in opposition to the regular democratic ticket, on the 26th inst., met last night. No action was taken in reference to the compo-sition of the ticket except for the places of Councilmen, for which places the following names were decided upon:

First ward-Aldermen, J. T. Rogers and Park Agnew; Councilmen, W. S. Moore

and P. Aitcheson. Second ward-Alderman, R. T. Luca-; Councilmen, R. E. Gronau, Thomas Lannon

and F. Kaus. Third ward-Alderman, H. M. Foliz, Councilman, W. L. Corbett. Fourth ward—Alderman, L. McKenzie; Councilmen, Thomas Bayne, Henry Kelly and J. M. German.

The other places were left open for future consideration. It will be seen by the above that several of the democratic nominees for Council have been endorsed.

A REMARKABLE STORY .- A story is told in the neighborhood of some singular fatal ities that have occurred at the house of Mr Andrew Pearson, near Stafford Store, where the bolt of lightning killed four persons on the 6 h instant, an account of which was published in the GAZETTE on Monday. It is said that a colored woman, for some un accountable cause, hung her own child, a boy of ten years of age, some time ago. She is now explating her guilt in the State prison. About three months ago a farmer of that vicinity—David Folson—stopped at the house of Mr. Pearson to have repairs made upon his shoes and, although apparently in good health at the time, fell deah without a moment's warning.

POLICE REPORT,-Last night was cloudy and mild, with two prisoners and three lodg-ers at the station house.

The Mayor this morning disposed of the following cases

Mary Springsteel, arrested by officer Brenner, for contempt of court in not attending as a witness, was discharged.

Fannie Chapman, colored, arrested by officer Sherwood, for an assault on Pat Gath-

right, also colored, was fined \$1.

Thos. Hilleary, charged with an assault on Mary Springsteel, was discharged. Mrs. Geo. Brooks, arrested by officer Gra dy, for abusive language to Mana Parker,

colored, was fined \$1. COMMERCIAL EXCHANGE.—The annual meeting of the Commercial Exchange was held this morning, but without transacting any business of importance the meeting ad-journed till the first Wednesday in June when the reports of the officers will be submitted. Messrs, P. B. Hooe and J. T. Beckham were appointed to assist the presiden in ascertaining the amount of flour and grain sold in the city during the past year,
